- Transmission of compressed video

Integrating Flightcell DZMx & G6

AVAILABLE FROM 2023

Significant cost savings can be made when data is routed through the Flightcell DZMx cellular option, and when not in range automatically falls back to the G6 satellite service.

About Flightcell

Setting quality standards since 2000, Flightcell is a leader in the global aviation communications systems and hardware industry, leveraging strong strategic relationships with aircraft manufacturers, industry partners and government.

Flightcell's trusted products are highly configurable for operational requirements, with a focus on providing solutions to rotorcraft and turbo prop fixed wing aircraft that specialize in aerial firefighting, air medical, search and rescue, law enforcement, oil and gas, and military.
